

Letter of Recommendation for Jason P. Seiden

Jason is a skilled facilitator with a distinctive style that is refreshing. He has the ability to spontaneously adapt to his audience, engage them with his wit, motivate and inspire them with his command of the topic. He is well versed in the research, but his approach is down-to-earth and experiential.

After attending his program on generational differences in the workplace, I now not only have a better understanding of the differences, but also how to leverage those differences in a way that minimizes conflict and promotes cooperation.

Jason really *gets it!*
